Dear Carsten Schmidt

Thank you for your kind letter.

I have just ordered your book from the bookstore. I am very curious to read it.

Out of several reasons. Had there been a personal connection to Fritz Rene Weltsch - and how was Felix's attitudes to Kafka's ideas about authority and state.

You see, I have been studying some aspects of Kafkas novels and midrashim - parables.

I am writing the whole story in danish. If you are interested you can look in the netsite

<http://www.kotel.dk/kafka/index.htm> - I'll be reading your book in the next couple of weeks.

From the reading maybe I will write some pages and link them to my netsite.

Yours sincerely

Elias

Dear Elias Ole Lund,

I am delighted that you connected my work about Felix Weltsch in your page.

You have great pictures and nice stories.

I hope that my work "Kafkas fast ukendte ven" can be of benefit to you and relatives and friend of yours, as it shows great parts of the family and great unknown stories and pictures.

All the best to your projects,

Carsten Schmidt
